

The Big Garden

2016 Garden Educator Internship

Are you interested in organic gardening and sustainable agriculture? Food security? Local foods? Working with children & youth?

The Big Garden is seeking self-starting individuals who are passionate about food security & food justice for an active, hands-on educational experience. You will work in gardens all over the Omaha-metro teaching children & youth (ages 2 - 18) basic organic gardening, cooking, nutrition and food preservation skills.
